IMPORTANT NOTICES

The section “Important Notices” on pages i-vi of the Base Prospectus shall be replaced in its entirety as follows:

“IMPORTANT NOTICES

This document constitutes a Base Prospectus for each Issuer for the purposes of Article 5.4 of the Prospectus Directive.

Responsibility for this Base Prospectus

Each of the Issuers and the Guarantor accepts responsibility for the information contained in this document and, to the best of the knowledge of each of the Issuers and the Guarantor (which have taken all reasonable care to ensure that such is the case), the information contained in this Base Prospectus is in accordance with the facts and does not omit anything likely to affect the import of such information.

*Each of the Issuers and the Guarantor, having made all reasonable enquiries confirms that (i) this Base Prospectus contains all information with respect to each of the Issuers, the Guarantor, and their subsidiaries taken as a whole (the “**Group**” or the “**Mediobanca Group**”), the Notes, and the deed of guarantee executed by the Guarantor and dated 24 January 2018 with respect to Senior Preferred Notes issued by Mediobanca International (the “**Deed of Guarantee**”) which is material in the context of the issue and offering of Notes, (ii) the statements contained in this Base Prospectus relating to each of the Issuers, the Guarantor and the Group are in every material respect true and accurate and not misleading, the opinions and intentions expressed in this Base Prospectus with regard to the Issuers, the Guarantor and the Group are honestly held, have been reached after considering all relevant circumstances and are based on reasonable assumptions, (iii) there are no other facts in relation to each of the Issuers, the Guarantor, the Group, the Notes or the Deed of Guarantee the omission of which would, in the context of the issue and offering of Notes, make any statement in this Base Prospectus misleading in any material respect and (iv) all reasonable enquiries have been made by each of the Issuers and the Guarantor to ascertain such facts and to verify the accuracy of all such information and statements.*

Final Terms/Drawdown Prospectus

Each Tranche (as defined herein) of Notes will be issued on the terms set out hereunder “**Terms and Conditions of the Notes**” (the “**Conditions**”) and in a document specific to such Tranche called final terms (the “**Final Terms**”) or in a separate prospectus specific to such Tranche (the “**Drawdown Prospectus**”) as described under “*Final Terms, Supplements and Further Prospectuses*” below.

Public Offers of Notes in the European Economic Area

Certain Tranches of Notes (other than the Senior Non Preferred Notes which shall have a denomination of at least 250,000) with a denomination of less than EUR 100,000 (or its equivalent in any other currency) may, subject as provided below, be offered in any Member State of the European Economic Area which has implemented the Prospectus Directive (each, a “**Relevant Member State**”) in circumstances where there is no exemption from the obligation under the Prospectus Directive to publish a prospectus. Any such offer is referred to in this Base Prospectus as a “**Public Offer**”. This Base Prospectus has been prepared on a basis that permits Public Offers of Notes in each Member State in relation to which the Issuer has given its consent, as specified in the applicable Final Terms (each a “**Public Offer Jurisdiction**”). Any person making or intending to make a Public Offer of Notes in a Public Offer Jurisdiction on the basis of this Base Prospectus must do so only with the consent of the Issuer – see “*Consent given in accordance with Article 3.2 of the Prospectus Directive (Retail Cascades)*” below.

If after the date of this Base Prospectus the Issuer intends to add one or more Relevant Member States to the list of Public Offer Jurisdictions for any purpose, it will prepare a supplement to this Base Prospectus specifying such Relevant Member State(s) and any relevant additional information required by the Prospectus Directive. Such supplement will also set out provisions relating to the consent of the Issuer to the use of this Prospectus in connection with any Public Offer in any such additional Public Offer Jurisdiction.

In the context of any Public Offer of Notes in a Public Offer Jurisdiction, the Issuer accept responsibility in that Public Offer Jurisdiction, for the content of this Base Prospectus in relation to any person (an

“Investor”) who purchases any Notes in that Public Offer Jurisdiction made by a Dealer or an Authorised Offeror (as defined below), where that offer is made during the Offer Period (as defined below).

Except in the circumstances described below, neither the Issuer nor the Guarantor has authorised the making of any offer by any offeror and neither the Issuer nor the Guarantor has consented to the use of this Base Prospectus by any other person in connection with any offer of the Notes in any jurisdiction.

Consent given in accordance with Article 3.2 of the Prospectus Directive (Retail Cascades)

Any offer made without the consent of the relevant Issuer or the Guarantor (as applicable) is unauthorised and neither the relevant Issuer nor the Guarantor (as applicable), nor, for the avoidance of doubt, any of the Dealers accepts any responsibility or liability in relation to such offer or for the actions of the persons making any such unauthorised offer.

If, in the context of a Public Offer, an Investor is offered Notes by a person which is not an Authorised Offeror, the Investor should check with such person whether anyone is responsible for this Base Prospectus for the purpose of the relevant Public Offer and, if so, who that person is.

If an Investor is in any doubt about whether it can rely on this Base Prospectus and/or who is responsible for its contents, the Investor should take legal advice.

Consent to the use of this Base Prospectus

Common conditions to Consent

The conditions to the consent of the Issuers and the Guarantor are (in addition to the conditions described in either sub-paragraph (a) (*Specific Consent*) or sub-paragraph (b) (*General Consent*) under “*Specific Consent and General Consent*” below) that such consent:

- (i) is only valid in respect of the relevant Tranche of Notes;
- (ii) is only valid during the Offer Period specified in the applicable Final Terms; and
- (iii) only extends to the use of this Base Prospectus to make Public Offers of the relevant Tranche of Notes in such of the Public Offer Jurisdictions as are specified in the applicable Final Terms.

The consent referred to above relates to Public Offers occurring within twelve months from the date of this Base Prospectus.

Specific Consent and General Consent

Subject to the conditions set out above under “*Common Conditions to Consent*”, each of the Issuers and the Guarantor consents to the use of this Base Prospectus in connection with a Public Offer of Notes in any Public Offer Jurisdiction by:

- (a) *Specific Consent:*
 - (i) the Dealers specified in the relevant Final Terms;
 - (ii) any financial intermediaries specified in the applicable Final Terms; and
 - (iii) any financial intermediary appointed after the date of the applicable Final Terms and whose name is published on the website of the Issuers (<https://mediobanca.com>) and identified as an Authorised Offeror in respect of the relevant Public Offer; and
- (b) *General Consent:*

if General Consent is specified in the relevant Final Terms as applicable, any other financial intermediary which:

- (i) is authorised to make such offers under Directive 2014/65/EU of the European Parliament and of the Council of 15 May 2014 on markets in financial instruments, including under any applicable implementing measure in each relevant jurisdiction (“**MiFID II**”); and

- (ii) accepts such offer by publishing on its website the following statement (with the information in square brackets duly completed with the relevant information) (the “**Acceptance Statement**”):

*“We, [insert legal name of financial intermediary], refer to the [insert title of relevant Notes] (the “**Notes**”) described in the Final Terms dated [insert date] (the “**Final Terms**”) published by [ISSUER] (the “**Issuer**”) and [GUARANTOR] (the “**Guarantor**”).*

In consideration of the Issuer [and the Guarantor] offering to grant their consent to our use of the Base Prospectus (as defined in the Final Terms) in connection with the offer of the Notes in [insert name(s) of relevant Public Offer Jurisdiction(s)] during the Offer Period in accordance with the Authorised Offeror Terms (as specified in the Base Prospectus), we accept the offer by the Issuer [and Guarantor]. We confirm that we are authorised under MiFID II to make, and are using the Base Prospectus in connection with, the Public Offer accordingly.

Terms used herein and otherwise not defined shall have the same meaning as given to such terms in the Base Prospectus.”

Any financial intermediary falling within this sub-paragraph (b) who wishes to use this Base Prospectus in connection with a Public Offer is required, for the duration of the relevant Offer Period specified in the applicable Final Terms, to publish a duly completed Acceptance Statement on its website.

Authorised Offerors

The financial intermediaries referred to in sub-paragraphs (a)(ii) and (a)(iii) and sub-paragraph (b), above, are together referred to herein as the “**Authorised Offerors**”.

Arrangements between an Investor and the Authorised Offeror who will distribute the Notes

Neither the Issuers nor the Guarantor (nor, for the avoidance of doubt, any of the Dealers) has any responsibility for any of the actions of any Authorised Offeror, including compliance by an Authorised Offeror with applicable conduct of business rules or other local regulatory requirements or other securities law requirements in relation to such offer.

AN INVESTOR INTENDING TO ACQUIRE OR ACQUIRING ANY NOTES IN A PUBLIC OFFER FROM AN AUTHORISED OFFEROR WILL DO SO, AND OFFERS AND SALES OF SUCH NOTES TO AN INVESTOR BY SUCH AUTHORISED OFFEROR WILL BE MADE, IN ACCORDANCE WITH ANY TERMS AND OTHER ARRANGEMENTS IN PLACE BETWEEN SUCH AUTHORISED OFFEROR AND SUCH INVESTOR INCLUDING AS TO PRICE, ALLOCATIONS, EXPENSES AND SETTLEMENT ARRANGEMENTS. NEITHER THE ISSUERS NOR THE GUARANTOR WILL BE A PARTY TO ANY SUCH ARRANGEMENTS WITH SUCH INVESTORS IN CONNECTION WITH THE PUBLIC OFFER OR SALE OF THE NOTES CONCERNED AND, ACCORDINGLY, THIS BASE PROSPECTUS AND ANY FINAL TERMS WILL NOT CONTAIN SUCH INFORMATION. THE INVESTOR MUST LOOK TO THE RELEVANT AUTHORISED OFFEROR AT THE TIME OF SUCH OFFER FOR THE PROVISION OF SUCH INFORMATION AND THE AUTHORISED OFFEROR WILL BE RESPONSIBLE FOR SUCH INFORMATION. NONE OF THE ISSUERS, THE GUARANTOR AND THE DEALERS HAS ANY RESPONSIBILITY OR LIABILITY TO AN INVESTOR IN RESPECT OF SUCH INFORMATION.

IN THE EVENT OF AN OFFER BEING MADE BY A FINANCIAL INTERMEDIARY, SUCH FINANCIAL INTERMEDIARY WILL PROVIDE INFORMATION TO INVESTORS ON THE TERMS AND CONDITIONS OF THE OFFER AT THE TIME THE OFFER IS MADE.

Public Offers: Issue Price and Offer Price

Notes to be offered pursuant to a Public Offer will be issued by the relevant Issuer at the Issue Price specified in the applicable Final Terms. The Issue Price will be determined by the relevant Issuer and the Guarantor (as applicable) in consultation with the relevant Dealer(s) at the time of the relevant Public Offer and will depend, amongst other things, on the interest rate applicable to the Notes and prevailing market conditions at that time. The offer price of such Notes will be the Issue Price or such other price as may be agreed between an Investor and the Authorised Offeror making the offer of the Notes to such Investor.

Neither the Issuers nor the Guarantor will be party to arrangements between an Investor and an Authorised Offeror, and the Investor will need to look to the relevant Authorised Offeror to confirm the price at which such Authorised Offeror is offering the Notes to such Investor.

Other relevant information

The language of this Base Prospectus is in English. Any foreign language text that is included with or within this Base Prospectus has been included for convenience purposes only and does not form part of this Base Prospectus.

This Base Prospectus should be read and construed with any supplement hereto and with any other documents incorporated by reference herein and, in relation to any Tranche of Notes, should be read and construed together with the relevant Final Terms. In the case of a Tranche of Notes which is the subject of a Drawdown Prospectus, each reference in this Base Prospectus to information being specified or identified in the relevant Final Terms shall be read and construed as a reference to such information being specified or identified in the relevant Drawdown Prospectus unless the context requires otherwise.

Purchases of Notes may be made through a duly appointed Dealer of the relevant Issuer. The relevant Issuer may also offer and sell Notes directly to investors without the involvement of any Dealer.

The Issuers and the Guarantor will enter into a Dealer Agreement with the Dealers in connection with the issue of Notes for the purpose of the distribution of the Notes to prospective investors. Pursuant to the terms of the Dealer Agreement, the relevant Issuer may appoint one or more Dealer(s) under the Programme to subscribe or procure subscribers for all or part of the Notes of the relevant Series. See the section on "Plan of Distribution" in this Base Prospectus for further details. This Base Prospectus does not constitute an offer of, or an invitation by or on behalf of either the Issuers, the Guarantor or any of the Dealers to subscribe for, or purchase, any Notes.

The Dealers and PricewaterhouseCoopers, as auditor to Mediobanca International, have not separately verified the information contained in this Base Prospectus. None of the Dealers makes any representation express or implied, or accepts any responsibility, with respect to the accuracy or completeness of any of the information in this Base Prospectus. Neither this Base Prospectus nor any financial statements are intended to provide the basis of any credit or other evaluation and should not be considered as a recommendation by either of the Issuers, the Guarantor or any of the Dealers that any recipient of this Base Prospectus or any financial statements should purchase any Notes.

Each potential purchaser of Notes should determine for itself the relevance of the information contained in this Base Prospectus and its purchase of Notes should be based upon such investigation as it deems necessary. None of the Dealers undertakes to review the financial condition or affairs of the Issuers or the Guarantor during the life of the arrangements contemplated by this Base Prospectus nor to advise any investor or potential investor in the Notes of any information coming to the attention of any of the Dealers.

Unauthorised information

No person has been authorised to give any information or to make any representation not contained in or not consistent with this Base Prospectus or any other document entered into in relation to the Programme or any information supplied by any of the Issuers or the Guarantor or such other information as is in the public domain and, if given or made, such information or representation should not be relied upon as having been authorised by any of the Issuers, the Guarantor or any of the Dealers.

Neither the Dealers nor any of their respective affiliates have authorised the whole or any part of this Base Prospectus and none of them makes any representation or warranty or accepts any responsibility as to the accuracy or completeness of the information contained in this Base Prospectus. Neither the delivery of this Base Prospectus or any Final Terms nor any sale made in connection herewith shall, under any circumstances, create any implication that there has been no change in the affairs of any of the Issuers or the Guarantor since the date hereof or the date upon which this document has been most recently supplemented or that there has been no adverse change, or any event reasonably likely to involve any adverse change, in the financial position of any of the Issuer or the Guarantor since the date hereof or the date upon which this Base Prospectus has been most recently supplemented or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

Restrictions on distribution

The distribution of this Base Prospectus and the offering or sale of Notes in certain jurisdictions may be restricted by law. Each of the Issuers, the Guarantor and the Dealers do not represent that this Base Prospectus may be lawfully distributed, or that any Notes may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. No Notes may be offered or sold, directly or indirectly, to the public, and neither this Base Prospectus nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations. Persons into whose possession this Base Prospectus, any Notes may come must inform themselves about, and observe any such restrictions on the distribution of this Base Prospectus and the offering and sale of Notes. In particular, the Notes have not been and will not be registered under the Securities Act and are subject to U.S. tax law requirements.

This Base Prospectus has been prepared by the Issuers and the Guarantor for use in connection with the offer and sale of Notes in reliance upon Regulation S of the Securities Act outside the United States to non-U.S. persons or in transactions otherwise exempt from registration. Its use for any other purpose in the United States is not authorised. It may not be copied or reproduced in whole or in part nor may it be distributed or any of its contents disclosed to anyone other than the prospective investors to whom it is originally submitted.

The Notes have not been approved or disapproved by the U.S. Securities and Exchange Commission, any state securities commission in the United States or any other U.S. regulatory authority, nor have any of the foregoing authorities passed upon or endorsed the merits of the offering of the Notes or the accuracy or the adequacy of this Base Prospectus. Any representation to the contrary is a criminal offence in the United States.

For a description of additional restrictions on the distribution of this Base Prospectus and the offer or sale of Notes in the United States, the European Economic Area (including the United Kingdom and Italy) and other jurisdictions, see “Plan of Distribution”.

PRIIPs/ IMPORTANT - EEA RETAIL INVESTORS - *If the Final Terms in respect of any Notes includes a legend entitled “Prohibition of Sales to EEA Retail Investors”, the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (“EEA”). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, “MiFID II”); or (ii) a customer within the meaning of Directive 2002/92/EC (as amended, the “Insurance Mediation Directive”), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Directive 2003/71/EC (as amended, the “Prospectus Directive”). Consequently, no key information document required by Regulation (EU) No. 1286/2014 (as amended, the “PRIIPs Regulation”) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.*

MIFID II PRODUCT GOVERNANCE / TARGET MARKET *The Final Terms in respect of any Notes may include a legend entitled “MiFID II Product Governance” which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending such Notes (a “distributor”) should take into consideration the target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels. A determination will be made at the time of issue about whether, for the purpose of the product governance rules under EU Delegated Directive 2017/593 (the “MiFID Product Governance Rules”), any Dealer subscribing for a Tranche of Notes is a manufacturer in respect of that Tranche, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID Product Governance Rules.*

STABILISATION

*In connection with the issue of any Tranche of Notes, the Dealer or Dealers (if any) named as the Stabilising Manager(s) (or persons acting on behalf of any Stabilising Manager(s) (the “**Stabilising Manager(s)**”)) in the applicable Final Terms may over-allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, stabilisation may not necessarily occur. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche of Notes is made and, if begun, may cease at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche of Notes and 60 days after the date of the allotment of the relevant Tranche of Notes. Any stabilisation action or over-allotment must be conducted by the relevant Stabilising Manager(s) (or person(s) acting on behalf of any Stabilising Manager) in accordance with all applicable laws and rules.*

*Notes may be issued on a continuous basis in series (each, a “**Series**”) having one or more issue dates and on terms otherwise identical (or identical other than in respect of the first payment of interest), the Notes of each Series being intended to be interchangeable with all other Notes of that Series. Each Series may be issued in tranches (each, a “**Tranche**”) on different issue dates. The specific terms of each Tranche (which, save in respect of the issue date, issue price, first payment of interest and principal amount of the Tranche, will be identical to the terms of other Tranches of the same Series) will be set forth in the relevant Final Terms, the form of which is set out in “**Form of Final Terms**” below.*

The maximum aggregate principal amount of Notes outstanding at any one time under the Programme will not exceed Euro 40,000,000,000 (and for this purpose, any Notes denominated in another currency shall be translated into Euro at the date of the agreement to issue such Notes calculated in accordance with the provisions of the Dealer Agreement, as defined under “Plan of Distribution”). The maximum aggregate principal amount of Notes which may be outstanding at any one time under the Programme may be increased from time to time, subject to compliance with the relevant provisions of the Dealer Agreement.

*In this Base Prospectus, unless otherwise specified or the context otherwise requires: references to “**Member State**” are references to Member States of the European Economic Area, references to “**\$**”, “**U.S.\$**”, “**USD**” and “**US Dollars**” are to the lawful currency of the United States of America; references to “**Euro**” are to the single currency introduced at the start of the third stage of the European Economic and Monetary Union pursuant to the Treaty establishing the European Community, as amended; references to “**£**”, “**GBP**” and “**Pounds Sterling**” are to the lawful currency of the United Kingdom; and references to “**Yen**” are to the lawful currency of Japan.*

Tranches of Notes issued under the Programme will be rated or unrated. Where a Tranche of Notes is rated, such rating will not necessarily be the same as the rating(s) described herein or the rating(s) assigned to Notes already issued. Where a Tranche of Notes is rated, the applicable rating(s) will be specified in the relevant Final Terms. Whether or not each credit rating applied for in relation to a relevant Tranche of Notes will be (1) issued by a credit rating agency established in the EEA and registered under the CRA Regulation, or (2) issued by a credit rating agency which is not established in the EEA but will be endorsed by a CRA which is established in the EEA and registered under the CRA Regulation, or (3) issued by a credit rating agency which is not established in the EEA but which is certified under the CRA Regulation, will be disclosed in the Final Terms. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.”

The section “Summary of the Programme” on pages 1-26 of the Base Prospectus shall be replaced in its entirety as follows:

Section D – Risks

Element	Description of Element	Disclosure requirement
D.2	<p>Key risks specific to the Issuer and Guarantor</p>	<p>There are certain factors that may affect each Issuer’s ability to fulfil its obligations under Notes issued under the Programme. These include the following risk factors related to the Mediobanca Group, its operations and its industry:</p>

Element	Description of Element	Disclosure requirement
		<p>(i) The general economic conditions, the performance of financial markets, interest rate levels, currency exchange rates, changes in laws and regulation, changes in the policies of central banks, particularly the Bank of Italy and the European Central Bank, and competitive factors can change the level of demand for the Issuer's products and services, the credit quality of borrowers and counterparties, the interest rate margin of the Issuer between lending and borrowing costs and the value of each of the relevant Issuer's investment and trading portfolios</p> <p>(ii) The European sovereign debt crisis has adversely affected, and may continue to adversely affect, the Issuer's results of operations, business and financial conditions.</p> <p>(iii) The Mediobanca Group has exposure to Eurozone sovereign debt.</p> <p>(iv) Fluctuations in interest and exchange rates may affect the Issuer's results.</p> <p>(v) The results of the Issuer are affected by general economic, financial and other business conditions.</p> <p>(vi) The credit and capital markets have been experiencing extreme volatility and disruption in recent months.</p> <p>(vii) Each of the Issuer's investment banking revenues, in the form of financial advisory and debt and equity underwriting fees, are directly related to the number and size of the transactions in which the relevant Issuer participates and may be impacted by continued or further credit market dislocations or sustained market downturns.</p> <p>(viii) In some of each relevant Issuer's businesses, protracted adverse market movements, particularly asset price declines, can reduce the level of activity in the market or reduce market liquidity.</p> <p>(ix) In the event that the extreme volatility and disruption experienced by international and domestic markets in recent months continue in the future, the Issuer's liquidity can be adversely affected.</p>
		<p>(x) If the Issuer is unable to continue to respond to the competitive environment in Italy with attractive product and service offerings that are profitable for the Issuer, it may lose market share in important areas of its business or incur losses on some or all of its activities.</p> <p>(xi) If existing or potential customers believe that the Issuer's risk management policies and procedures are inadequate, the Issuer's reputation as well as its revenues and profits may be negatively affected.</p> <p>(xii) Each of the Issuers, like all financial institutions, is exposed to many types of operational risk, including the risk of fraud by employees and outsiders, unauthorised transactions by employees or operational errors, including errors resulting from faulty computer or telecommunication systems.</p> <p>(xiii) Systemic risk could adversely affect the Issuer's businesses.</p>

Element	Description of Element	Disclosure requirement
		<p>(xiv) The investors should note that the portfolio of the Issuer contains so-called “<i>over the counter</i>” (OTC) derivatives. If the financial condition of market counterparties or their perceived creditworthiness deteriorates further, the Group may record further credit valuation adjustments on the underlying instruments insured by such parties.</p> <p>(xv) A downgrade of Mediobanca’s rating may limit Mediobanca’s opportunities to extend mortgage loans and may have a particularly adverse effect on Mediobanca’s image as a participant in the capital markets, as well as in the eyes of its clients.</p> <p>(xvi) Changes in the Italian and European regulatory framework could adversely affect the Issuer’s business.</p> <p>(xvii) The guarantee given by the Guarantor is capped at 110 per cent. of the aggregate principal amount of any Tranche of the Notes and 110 per cent. of the interest on such Notes accrued but not paid.</p>
D.3	Key risks specific to the Notes	<p>In addition, there are certain factors which are material for the purpose of assessing the risks related to Notes issued under the Programme. The Notes may not be suitable for all investors. A wide range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. These include the following:</p> <p>(i) The Notes may not be a suitable investment for all investors.</p> <p>(ii) Under EC Council Directive income 2011/16/EU on Administrative Cooperation in the field of Taxation (as amended by Council Directive 2014/107/EU), each EU Member State is required to provide by automatic exchange to the tax authorities of any other EU Member State information regarding taxable periods as from 1 January 2016 concerning Reportable Accounts held by a Reportable Person with a local Reporting Financial Institutions in which Notes may be held. Information to be reported include, among others, name, address, Member State(s) of residence, TIN(s) of each Reportable Person that is an account holder, the account number, the name and identifying number of the Reporting Financial Institution, the account balance or value as of the end of the calendar year, the total gross amount of interest dividends and other income generated with respect to the assets held in the account, including gross proceeds originating from the relevant sale or redemption.</p>
		<p>(iii) The Issuer, the Guarantor and other financial institutions through which payments on the Notes are made may be required to withhold U.S. tax at a rate of 30% on all, or a portion of, payments made after 31 December 2018 in respect of (i) any Notes characterized as debt (or which are not otherwise characterized as equity and have a fixed term) for U.S. federal tax purposes that are issued after 31 December 2012 or are materially modified from that date and (ii) any Notes characterized as equity or which do not have a fixed term for U.S. federal tax purposes, whenever issued, pursuant to Sections 1471 through 1474 of the U.S. Internal Revenue Code or similar law implementing an intergovernmental approach to FATCA.</p>

Element	Description of Element	Disclosure requirement
		<p>Risk related to the structure of a particular Issue of Notes</p> <p>(i) An optional redemption feature of Notes is likely to limit their market value.</p> <p>(ii) [In the event that the Issuer would be obliged to increase the amounts payable in respect of any Notes due to any withholding or deduction, the Issuer may redeem all outstanding Notes in accordance with the Conditions].</p> <p>(iii) Notes with variable interest rates can be volatile investments.</p> <p>(iv) Fixed/Floating Rate Notes may bear interest at a rate that may convert from a fixed rate to a floating rate, or from a floating rate to a fixed rate and any conversion, depending on market interest rates, may adversely affect the value of the Fixed/Floating Rate Notes.</p> <p>(v) [To the extent that the Issuer is required by law to withhold or deduct any present or future taxes of any kind imposed or levied by or on behalf of the Republic of Italy or the Grand Duchy of Luxembourg, as appropriate, the Issuer will not be under an obligation to pay any additional amounts to Noteholders.]</p> <p>(vi) [<i>Insert if a Multiplier or Reference Rate Multiplier applies in respect of the determination of the Interest Rate</i>] Any fluctuation of the underlying floating rate will be amplified by the [Multiplier] [and] [the] [Reference Rate Multiplier] such multiplier. This may adversely affect the return on the Notes.</p> <p>(vii) Potential investors should also consider that where the underlying interest rate does not rise above the level of the Minimum Interest Rate, comparable investments in notes which pay interest based on a fixed rate which is higher than the Minimum Interest Rate are likely to be more attractive to potential investors than an investment in the Notes. Under those conditions, investors in the [Senior Preferred Notes and the Subordinated] Notes might find it difficult to sell their Notes on the secondary market (if any) or might only be able to realise the Notes at a price which may be substantially lower than the nominal amount. To the extent a Maximum Interest Rate applies, investors should be aware that the Interest Rate is capped at such Maximum Interest Rate level. Consequently, investors may not participate in any increase of market interest rates, which may also negatively affect the market value of the Notes.</p>
		<p>(viii) If Mediobanca is declared insolvent and a winding up is initiated, it will be required to pay the holders of senior debt and meet its obligations to all its other creditors (including unsecured creditors) in full before it can make any payments on the Subordinated Notes. If this occurs, Mediobanca may not have enough assets remaining after these payments to pay amounts due under the Subordinated Notes.</p> <p>Risk Factors related to the Notes generally:</p> <p>(i) [The Notes are governed by, and shall be construed in accordance with, English law.] [The Notes are governed by, and shall be construed in accordance with, Italian law.] No assurance can be given as to the impact of any possible judicial decision or change</p>

Element	Description of Element	Disclosure requirement
		<p>to [English law] [and/or] [Italian law] or administrative practice after the date of this Base Prospectus.</p> <p>(ii) [“Euroclear Bank S.A./N.V. (“Euroclear”) and/or Clearstream Banking, <i>société anonyme</i>, Luxembourg (“Clearstream, Luxembourg”) will maintain records of the beneficial interests in the Global Notes. The Issuer has no responsibility or liability for the records relating to, or payments made in respect of, beneficial interests in the Global Notes.]</p> <p>(iii) The Issuers and the Guarantor may, without the consent of Noteholders, correct (i) any manifest error in the Terms and Conditions of the Notes and/or in the Final Terms; (ii) any error of a formal, minor or technical nature in the Terms and Conditions of the Notes and/or in the Final Terms or (iii) any inconsistency in the Terms and Conditions of the Notes and/or in the Final Terms between the Terms and Conditions of the Notes and/or the Final Terms and any other documents prepared in connection with the issue and/or offer of a Series of Notes (provided such correction is not materially prejudicial to the holders of the relevant Series of Notes).</p> <p>(iv) Potential conflicts of interest may exist between Dealers, which may underwrite the Notes issued under the Programme and receive in consideration underwriting commissions and selling concessions, or Mediobanca, which may act as market maker or specialist or perform other similar roles in connection with the notes, on the one hand, and investors in the Notes on the other.</p> <p>(v) The Notes may be issued and withheld by the Issuer for the progressive sale on the market in accordance with investors’ demand. In this context an investor who acquires the Notes does not know at the moment of purchase how much of the issued Notes effectively are publicly traded, with the consequence that the amount in circulation could be meagre and may not guarantee successively adequate liquidity in the Notes.</p>
		<p>(vi) In the event the Issuer decides to issue further Notes having the same terms and conditions as an already existing Series of Notes (or in all respects except for the Issue Price, the Issue Date and/or the first payment of interest) and so that the further Notes shall be consolidated and form a single series with the original Notes, the greater nominal amount in circulation could lead to greater liquidity in the secondary market with a consequent negative impact on the price of the relevant Series of the Notes.</p> <p>Risk Factors relating to the market generally:</p> <p>(i) Notes may have no established trading market when issued, and one may never develop. The Issuer has not any obligation to purchase the Notes from the Noteholders. However, should the Issuer decide to purchase the Notes, the secondary market pricing that the Issuer may provide on the Notes may reflect the unwinding cost of the hedging portfolio (if any) [and/or the loss of profit (<i>lucro cessante</i>) related to such hedging portfolio].</p> <p>(ii) [Insert if Specific Buy Back Provisions apply to the Notes] Investors should be aware that [Mediobanca] [and] [Mediobanca International] [has]/[have] issued the Notes also for the purpose of entering into, from time to time, in certain Underlying</p>

Element	Description of Element	Disclosure requirement
		<p>Transactions. In this respect, the value of the Notes shall reflect and shall be calculated on the basis of the Market Value of such Underlying Transactions. The composition of the Underlying Transactions will be made available to the investors in accordance with the method of publication indicated in the relevant Final Terms. The Underlying Transactions may have maturities and/or notional amounts longer and/or higher, respectively, than the Maturity Date and the principal amount of the relevant Notes. The Market Value of the Underlying Transactions, as determined by [Mediobanca] [and] [Mediobanca International], acting in [its]/[their] capacity as Calculation Agent, in a fair and commercially reasonable manner and with reference to the market, could adversely affect the repurchase price, if any, of the Notes, particularly where the Underlying Transactions have maturities and/or notional amounts longer and/or higher, respectively, than the Maturity Date and the principal amount of the relevant Notes. Therefore, in the event that an investor requests the Issuer[s] to repurchase the Notes held by [it]/[them] prior to their maturity, and the Issuer[s] accept[s] such repurchase, the price of the Notes (Buy Back Price) will be determined taking into consideration the Market Value of such Underlying Transactions. The Specific Buy Back Provisions shall apply only to Notes issued by [Mediobanca] [and] [Mediobanca International] and where Mediobanca and/or Mediobanca International act as Dealers.</p> <p>(iii) The Issuer will pay principal and interest on the Notes in the Relevant Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit other than the Relevant Currency.</p>
		<p>(iv) Investment in Fixed Rate Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of the Fixed Rate Notes.</p>
		<p>(v) One or more independent credit rating agencies may assign credit ratings to the Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes.</p> <p>(vi) The investment activities of certain investors are subject to investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers.</p> <p>(vii) Implicit fees (e.g. placement fees, direction fees, structuring fees) may be a component of the Issue/Offer Price of Notes, but such fees will not be taken into account for the purposes of determining the price of the relevant Notes in the secondary market.</p> <p>(viii) <i>[Insert if Notes are distributed by means of a public offer]</i> Under certain circumstances, the Issuer [and/or] <i>[specify any other entities indicated in the Final Terms]</i> may have the right to withdraw the offer, which in such circumstances will be deemed to be null and void according to the certain terms.</p>

Element	Description of Element	Disclosure requirement
		<p>(ix) It is not possible to predict the price at which Notes will trade in the secondary market or whether such market will be liquid or illiquid. The Issuer may, but is not obliged to, list or admit Notes to trading on a stock exchange or market. The Issuer, or any of its Affiliates may, but is not obliged to, at any time purchase Notes at any price in the open market or by tender or private agreement.</p> <p>(x) [<i>Insert in respect of Notes which are to be listed on a stock exchange, market or quotation system</i>], The Issuer shall use all reasonable endeavours to maintain listing on [<i>specify relevant stock exchange, market or quotation system</i>], provided that if it becomes impracticable or unduly burdensome or unduly onerous to maintain such listing, then the Issuer may apply to de-list the relevant Notes, although in this case it will use all reasonable endeavours to obtain and maintain (as soon as reasonably practicable after the relevant de-listing) an alternative equivalent admission to listing, trading and/or quotation by a stock exchange, market or quotation system within or outside the European Union, as it may decide.</p> <p>For the risk factors relating to the Guarantor see item D.2 above.</p>

Business Overview

Principal activities

The Group's operations are segmented as follows:

- **Corporate & Investment Banking (CIB):** this division brings together all services provided to corporate clients:
 - *Wholesale Banking:* Client Business (lending, advisory, capital markets activity) and proprietary trading;
 - *Specialty Finance,* which comprises factoring (MBFacta) and credit management (Creditech).
- **Consumer Banking (CB):** this division provides retail clients with the full range of consumer credit products, ranging from personal loans to salary-backed finance (Compass and Futuro);
- **Wealth Management (WM):** this new division brings together all asset management services offered to the following client segments:
 - *Affluent & Premier,* addressed by CheBanca!;
 - *Private & HNWI,* addressed in Italy by Banca Esperia (now 100%-owned) and Spafid, and in the Principality of Monaco by Compagnie Monégasque de Banque.

This division also comprises Mediobanca Asset Management, the product factory which Mediobanca intends to set up to serve the MB Group sale networks by leveraging on existing capabilities: Cairn Capital (alternative AM), Duemme SGR (formerly Esperia), and Compagnie Monégasque de Gestion (CMG, formerly CMB).

- **Principal Investing (PI):** this division brings together the Group's portfolio of equity investments and holdings, including the stake in Assicurazioni Generali;
- **Holding Functions:** this division houses the Group's Treasury and ALM activities (which previously were included in the CIB division), with the objective of optimizing management of the funding and liquidity processes; it also includes all costs relating to Group staffing and management functions, most of which were also previously allocated to CIB; and continues to include the leasing operations.

This new segmentation, in force since 16 November 2016, was approved in conjunction with the guidelines for the 2016/19 strategic plan with a view to seizing opportunities deriving from the current competitive scenario and prioritizing development of the new Wealth Management division.

In addition, in the course of FY 2016/17 Mediobanca completed the acquisition of the other 50% of Banca Esperia which it did not already own from the Mediolanum group. The acquisition forms part of the Group's strategy to grow its presence in the private (WM) and MidCaps (CIB) segments, which represent the two main guidelines of the plan approved.

Integration of Banca Esperia will enable the Mediobanca Group to:

- Reshape its private banking service offering in Italy, by creating the new Mediobanca Private Banking brand;
- Empower its platform for services to Mid-Corporate clients as part of its CIB activities;
- Enhance the Group's integrated product offering: synergies to be achieved with Spafid in management of fiduciary services, with CheBanca! for traditional banking products, with

Mediobanca AM in extending the services offered by Banca Esperia's product factory Duemme SGR to the whole Group;

- Deliver major cost synergies.

As at 30 June 2017, Mediobanca had a market capitalization of approx. €7.6bn.

Wholesale Banking

Mediobanca seeks to provide its corporate clients with the advisory services and financial services to help them grow and develop.

The wholesale banking division comprises three different units: Corporate finance, Lending and Structure Finance, Capital Markets.

Corporate finance

Mediobanca is the leader in Italy, (with an announced global value of €68.2 bn and a market share of 62.7% in 2017 (source: Thomson Reuters) calculated on the basis of the overall value of the merger and acquisitions (M&A) transactions in Italy in 2017), and has an increasingly significant role in financial advisory services at the European level through its branches in London, Paris, Frankfurt, Madrid, Istanbul and Mexico City. A client-based approach is adopted, backed by in depth knowledge of the financial issues and a consolidated track record in executing deals. The operating unit is organized into different industry teams covering individual industries in order to provide greater focus.

Corporate finance involves the following activities:

- defining strategic objectives for companies and identifying extraordinary financing transactions in order to help meet them;
- extraordinary financing transactions: mergers and acquisitions, joint ventures and partnerships, disposals and spinoffs;
- liability restructuring: earnings/financial analysis of companies/groups undergoing restructuring; working out financial rebalancing scenarios; negotiating with key creditors;
- corporate restructuring: LBOs, MBOs, spinoffs and tax-/inheritance-related issues;
- company valuations, on a standalone basis and for purposes of setting exchange ratios;
- relations with authorities: assistance in handling relations with market and regulatory authorities, principally CONSOB and Borsa Italiana.

Lending and structured finance

The Financing teams serve Mediobanca's Italian and international customers, through the branch offices located in Paris, Frankfurt, London, Madrid and Istanbul to offer:

- advice in evaluating possible capital structures and financing solutions available from among a vast series of debt products, including considering possible implications in terms of rating;
- structuring and executing lending transactions;
- access to the international syndicated loans market;
- facility and security agent services for corporate and structured lending transactions.

The main products of the Lending and structured finance team are:

- **Corporate Lending** (bilateral loans, club deals and syndicated loans): corporate loans aimed at supporting customers' financial requirements generated by investments or related to their companies' growth; the financial solutions offered are aimed primarily at medium-/large-sized firms operating on domestic and international markets, in industrial and service-based sectors;
- **Structured Finance** (acquisition finance, loans for LBO/MBOs, project finance, infrastructure finance, real estate finance): financial support to corporate counterparties and institutional investors as part of leveraged transactions to acquire stakes in listed and unlisted companies; a wide range of lending transactions are developed, arranged, structured, underwritten and executed based on complex structures, and because of their size these are often syndicated on the international market. On the back of its solid track record in various sectors, customers are provided with advisory services covering the entire process of structuring deals to support investment and infrastructure or industrial projects, including offering strategies, selection of the most effective debt instruments, hedging strategies, financial modelling and structuring contracts; and
- **Factoring** (with and without recourse, maturity, and supply credit): sale and discount of trade receivables to help refinance companies' working capital. As well as the financial benefits, factoring can also provide insurance (guarantee against insolvency or delays in payments) and facilitate operations (credit management, accounting, collection and recovery).

Capital Markets

Mediobanca operates on both the primary and secondary markets, trading equities and fixed-income securities, foreign exchange products and credit risk, interest rate and exchange rate derivatives.

In the equity market (primary and secondary), activity is divided into the following areas:

- **Equity Capital Markets:** it is the Italian leader and has a role of increasing importance internationally in structuring, co-ordinating and executing equity capital markets transactions, such as IPOs, rights issues, secondary offerings and ABOs, and bonds convertible into equity solutions (equity derivatives to manage investments and treasury shares); this unit structures and implements extraordinary financing transactions involving equity investments and treasury shares; using a dedicated trading platform, the team offers customers innovative, high value-added solutions, and also handles any legal, accounting, tax and regulatory issues;
- **Equity Finance (securities lending, equity repos, collateralized financing):** the unit offers tailored securities lending solutions, which range from simple loans to hedge short-/medium-term positions, to equity repos, to upgrades and collateralized financing;
- **Equity Derivatives Institutional Marketing:** a range of equity-linked investments are offered to banks, insurances, asset managers and family offices, from synthetic replications of simple underlying assets to sophisticated protection mechanisms and solutions for increasing the return on portfolios, funded or unfunded;

- **MB Securities:** this is Mediobanca's equity brokerage division, offering global access to equity markets and research on the Italian market (over 100 companies are covered), plus a pan-European focus on the financial sector (banks and insurances); a dedicated team also offers corporate broking services.

In relation to the debt market, the activity is divided into the following areas of operation:

- **Debt Capital Markets:** this team originates, structures, executes and places corporate and financial bond issues, covered bonds and securitizations to meet its customers' financing needs.
- **CRAL solutions:** this area structures solutions based on interest rates, credit and alternative products; it targets corporate clients, banks and institutional investors who need to restructure their investment portfolios, increase asset liquidity and diversify their sources of funding. An activity of advisory and structuring of *ad hoc* solutions on alternative investments focusing on institutional investors.
- **Proprietary Funding:** this team is responsible for structuring, issuing and placing debt products, the revenues from which finance the Bank's own activities. Fund raising, supported by the Bank's high credit rating, takes place primarily through the issuance of securities, both plain vanilla and structured. Securities are placed with retail investors through public offers (executed using the proprietary networks of CheBanca!, through individual third banks – including that of BancoPosta – either on an exclusive basis or via groups of banks in syndicates) and direct sales are made over the screen-based bond market (MOT) operated by Borsa Italiana. Demand from institutional investors is met via public offers of securities on the Euromarket and private placements of products customized to meet the subscribers' specific needs.

Specialty Finance

Our Specialty Finance activities include managing and financing credit and working capital. We have operations in factoring with MBFacta and in the credit management sector with MBCredit Solutions.

- **MBCredit Solutions** has for many years performed credit recovery activities (on behalf of the Group companies and third parties) and NPL portfolio acquisitions. The 2016-19 strategic plan envisages the company growing from niche operator to leading player in the credit management sector (servicing inter alia for third parties) and in the acquisition of non-performing loans (NPLs).
- **MBFacta** provides trade receivables sale and discount services (with and without recourse, maturity, supply credit) to refinance corporate working capital. As well as the financial benefits, this service can also include an insurance component (guarantee against insolvency or delays in payments) and/or a management component (portfolio management, accounting, collection and recovery). The factoring platform's factoring offering will be tailored specifically to developing the Mid Corporate segment in synergy with the other services offered by CIB to this category of firm.

Consumer Credit - Compass

Mediobanca has operated in the consumer credit sector since the 1960s through its subsidiary Compass.

Compass today is one of the leading consumer credit operators on the Italian market, with a market share of 10.5% calculated on the basis of the overall financings granted in the Italian consumer credit market.

Compass offers a wide range of products (personal loans, special purpose loans for acquisition of consumer durable goods, credit cards and salary-backed finance), using a highly diversified distribution network consisting of some 166 own branches, distributing agreements with banking partners and retailers, and BancoPosta.

As at the balance-sheet date it had approx. €11.8bn in loans outstanding, plus a total of 1,405 staff on the books.

Affluent & Premier - CheBanca!

Mediobanca has been operative in retail banking through CheBanca!. This subsidiary, launched in 2008, effectively served as retail deposit gatherer for the Mediobanca Group throughout the financial crisis. In the last three years it has developed a distribution model which is innovative, transparent and with high technology content, while at the same time refocusing its mission from deposit gather to asset gatherer, raising €4bn in AUM (€7bn including the recent acquisition of Barclays' Italian retail activities) and breaking even at the operating level.

Today CheBanca! is distinguished by its:

- High brand recognition;
- Effective, innovative multi-channel distribution (internet, 141 own branches, direct banking);
- Simple, transparent products;
- Substantial customer base (approx. 800,000 customers);
- Strong commercial results: €13.4bn in deposits, €7.1bn in assets under management, and €7.5bn in mortgages disbursed.

At 30 June 2017 the company employs a total of 1,401 staff.

In the past next years, CheBanca! will leverage on its competitive advantage as first mover to seal its definitive transformation to wealth manager focused on the affluent and premier client bracket. In detail the bank will seek to:

- Valorize the business acquired from Barclays in Italy, starting with the 220,000 clients acquired, optimizing the distribution network and using the €240m in badwill received to cover restructuring costs and relaunch commercial activities;
- Strengthen its proprietary distribution network while maintaining its unique market position (advisory approach integrated with cutting-edge technology infrastructure in distribution via digital channels);
- Construct a new network of financial advisors, destined to increase assets under management further in the medium term.

Private & HNWI

The range of services offered to clients is split between.

- **Banca Esperia**, as from this year 100%-owned by the Group, will be merged into Mediobanca and will offer private banking services under the Mediobanca brand. The 75 bankers and eleven branches at the same time will work to develop their asset management activity and the mid-cap platform, acting as a bridge between corporate and private activities in conjunction with Spafid, the Mediobanca Group multi-family office. The Banca Esperia product offering for high net worth clients includes portfolio management, advisory and financing services. Independence, operational autonomy, focus on private banking activities, and excellence and quality of service, are the hallmarks of a bank which has approx. €19bn in assets under management at its branches in Bergamo, Bologna, Brescia, Cesena, Florence, Genoa, Milan, Padua, Parma, Rome, Turin and Treviso.
- **Compagnie Monégasque de Banque ("CMB")** is 100%-owned by Mediobanca. CMB is market leader in the Principality of Monaco, with total deposits of approx. €10bn. Its geographical position, indepth knowledge of markets and absolute independence make it a player of primary importance, able to provide exclusive services to its customers, ranging from loans to asset management.

- **Spafid**, 100%-owned by Mediobanca, this company provides fiduciary administration services in respect of equity investments, securities market investments and fiduciary services for issuers. Spafid currently has assets under administration worth some €4bn.

MB Asset Management

As part of the reorganization of the Wealth Management division, a new MB Asset Management product factory has been set up bringing together Cairn Capital, Duemme SGR (formerly Banca Esperia) and Compagnie Monégasque de Gestion (formerly CMB). In this division the individual companies' support units will be centralized (Human Resources, Legal and Compliance, etc.) and a dedicated sales force will be set up with responsibility for distribution of all product lines.

Cairn Capital, a 51% stake having been acquired in this company in December 2015. Cairn Capital is the largest company in this division, and is an asset manager and advisor based in London specializing in credit products. Assets managed by the company total some €2.5bn, plus a further €3.9bn under long-term advice.

Principal Investing

Mediobanca has an equity portfolio of investments made over time, consisting of minority stakes in leading Italian and international companies, most of which are listed. As a result of the recent introduction of tighter regulations on regulatory capital and the Bank's desire to concentrate more on highly-specialized banking activities, this portfolio of investments is in the process of being reduced. Disposals were completed during the course of FY 2016/17: stakes worth approx. €340m were sold, yielding gains of almost €160m. In view of the size of the investments and the role played by Mediobanca in the governance of the companies concerned, the shareholdings in Generali, RCS MediaGroup and Atlantia are assigned to the Principal investing division.

Company	Sector	% of share capital	Book value as at 30/6/17 €m
Assicurazioni Generali	Insurance	13.0%	2,997
RCS Mediagroup	Publishing – media	6.6%	42
Atlantia	Infrastructure	1.4%	276

Each year the Board of Directors assesses the positions of the individual directors, which may have changed as a result of changes in the activities or size of the other companies in which they hold posts. To this end, each director, including in order to avoid potential conflict of interest, shall inform the Board of any changes in the positions assumed by them in the course of their term of office.

Mediobanca also adopts the procedure recommended under Article 136 of the Italian Consolidated Banking Act for approval of transactions involving individuals who perform duties of management and control in other companies controlled by such parties.

Auditors of the Financial Statements

PricewaterhouseCoopers S.p.A. a company with its registered offices in via Monte Rosa 91, Milan, Italy, has audited the separate and consolidated financial statements of Mediobanca as at 30 June 2017 and 2016. PricewaterhouseCoopers S.p.A is registered under No. 119644 in the Register of Accounting Auditors (*Registro dei Revisori Legali*) maintained by MEF (*Ministero dell'Economia e delle Finanze*) in compliance with the provisions of Legislative Decree No. 39 of 27 January 2010 (the "**Decree 39/2010**").

Information regarding resignations, dismissals or failures to renew the appointment of the external auditors or the auditors responsible for auditing the financial statements

Legal and arbitration proceedings

The most significant litigation still pending against Mediobanca is as follows:

- For the alleged failure to launch a full takeover bid for La Fondiaria in 2002, a total of sixteen claims had been made against Mediobanca and UnipolSai. Of this total just two are still pending, with total damages claimed jointly from the defendants (known as the *petitum* in Italian law), of approx. €1m (plus interest and expenses); Mediobanca's share of this amount is approx. €300,000 (plus interest and expenses);

The state of proceedings in these two claims is as follows:

- For one, the date of the hearing at the Court of Cassation has still to be set. The appeal was submitted by a former shareholder of Fondiaria S.p.A. against the ruling issued by the Court of Appeal in Milan which partly revised the first degree ruling, reducing the amount of the damages to be refunded to the former shareholder; and
- For the other, the terms for submission of an appeal against the Court of Appeal in Milan's ruling against Mediobanca and Unipol to the Court of Cassation are still pending; but an agreement has now been reached with the plaintiff for out-of court settlement;
- Claim for damages by Monte dei Paschi di Siena ("**FMPS**") against – inter alia – Mediobanca, in respect of participation with criminal intent by virtue of an alleged non-contractual liability, jointly with the other twelve lender banks, for alleged damages to FMPS in connection with the execution of the Term Facility Agreement on 4 June 2011 and the consequent breach of FMPS's Articles of Association (20% limit on debt/equity ratio) in a total amount of €286m. The case is currently pending with the court of Florence. At the first hearing, the judge upheld the objection made by

the former members of the administrative body and the former superintendent regarding the failure to obtain the necessary authorization from the Italian Ministry for the Economy and Finance to take action against them, and set a deadline of 15 November 2017 for the said authorization to be obtained. The judge's decision regarding the preliminary objection to non-Italian arbitration raised by the defendant banks is also still pending.

With reference to the disputes outstanding with the Italian revenue authorities, as at 30 June 2017 the Mediobanca Group had cases pending in respect of higher tax worth a notified amount of €24.5m, plus interest and fines, down sharply on the €43.2m reported last year with no new addition save in respect of those for the Esperia group companies which totalled €1.7m (against a provision for risks and charges totalling €1.5m).

During the twelve months under review SelmaBipiemme chose to avail itself of the simplified procedure introduced pursuant to Italian decree law 193/16 to shorten the timescales for tax litigation, in respect of the yacht leasing disputes in which the company has been unsuccessful at both stages of the proceedings. This decision has enabled the company, in return for a payment of €24.9m, €17.4m of which by way of tax, to settle its debts with the Italian revenue authority in respect of all the positions involved which amounted to a total risk (including fines, interest and collection charges) of €61.2m.

The Issuer audited consolidated annual financial statements in respect of the year ending on 30 June 2017 contains a more detailed description of the tax remain outstanding.

There is no other significant litigation pending as at the date of this Base Prospectus.

The provision for risks and charges amply covers any charges that may be payable as a result of the claims made against Mediobanca and the Group companies.

Significant changes in the Issuer's financial position

There have been no significant changes to financial or commercial position of Mediobanca, Mediobanca International or the other companies forming part of the Group since the most recent financial information available was disclosed in the unaudited consolidated or non-consolidated, as the case may be, interim financial report for the six months ended on 31 December 2017.

Material Agreements

Neither Mediobanca nor any of the companies controlled by Mediobanca has entered into or participates in agreements outside of their normal course of business which could result an obligation or entitlement for Group members that would impact significantly on the Issuer's ability to meet its obligations in respect of the holders of financial instruments issued or to be issued.

14. Certain of the Dealers and their affiliates have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform services for, Mediobanca and their affiliates in the ordinary course of business. Certain of the Dealers and their affiliates may have positions, deal or make markets in the Notes issued under the Programme, related derivatives and reference obligations, including (but not limited to) entering into hedging strategies on behalf of the Issuer and its affiliates, investor clients, or as principal in order to manage their exposure, their general market risk, or other trading activities. In addition, in the ordinary course of their business activities, the Dealers and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of Mediobanca or Mediobanca's affiliates. Certain of the Dealers or their affiliates that have a lending relationship with Mediobanca routinely hedge their credit exposure to Mediobanca consistent with their customary risk management policies. Typically, such Dealers and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Notes issued under the Programme. Any such positions could adversely affect future trading prices of Notes issued under the Programme. The Dealers and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments. Such consent may be given to all (general consent) or only one or more (individual consent) specified Dealers and/or financial intermediaries and/or for a limited or indefinite period, as stated in the Final Terms, and for Italy, Ireland and/or the Grand Duchy of Luxembourg as member states in which the Base Prospectus has been passported and which will be indicated in the relevant Final Terms.

Such consent by the Issuers is subject to each Dealer and/or financial intermediary complying with the terms and conditions described in this Base Prospectus and the relevant Final Terms as well as any applicable selling restrictions. Each Dealer and/or each financial intermediary, if any, and/or each person into whose possession this Base Prospectus, any supplement to this Base Prospectus, if any, and the relevant Final Terms come are required to inform themselves about and observe any such restrictions. The Issuers reserve the right to withdraw its consent to the use of this Base Prospectus in relation to certain Dealers and/or each financial intermediary.

In case of an offer being made by a Dealer or a financial intermediary, such Dealer or financial intermediary will provide information to investors on the terms and conditions of the offer at the time the offer is made.
